The **Condottiero's Screen** is the essential game accessory for **Brancalonia RPG**, a roleplaying game with a "Spaghetti Fantasy" setting which mixes Italian culture and fiction with fantasy tradition and pop culture.

The luxurious screen for the Condottiero of Brancalonia is realized in full color cardboard, with three horizontal facades with the full color print on both sides. The Players' side is illustrated with wonderful and original artwork, representing the very essence of the game's setting, illustrated by Lorenzo Nuti. Behind the screen, the Condottiero conducts the band of knaves (Player Characters) through a unique fantasy world, inspired by Italian folklore, history and pop culture, from Dante's Divine Comedy to Sergio Leone's movies, from movie classics as Ladyhawke to places well known to the fans of the Assassin's Creed games.

THIS IS NOT A COMPLETE GAME.
