Stella

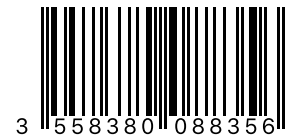

Starseekers! Explore the sky and bring back some light in your world. *Stella* is a competitive game in the Dixit Universe, where players interpret pictures after receiving a common word. Chose the same pictures as the other players to achieve victory! Take calculated risks but beware of the fall.

KEY SELLING POINTS

- *Stella* is the next addition in the Dixit universe. Familiar to players who already love *Dixit*, but with an exciting new twist to the game play.
- An image association game, players share a pool of *Dixit* cards. A clue word is given and then players mark on their board which cards in the tableau they associate with the clue. The more cards you match with other players, the more points you get, but lose points for any guesses you're alone on!
- *Stella* adds a tense and surprising push your luck element to the image association genre. You'll be tempted to guess more cards but need to play it safe in order to keep your points.
