## Are you a modern mastermind detective?

*The Sherlock Files: Marvelous Mysteries* includes three new confounding cases to solve.

Investigate the mysterious death of a Victorian lawyer. Has his spirit returned to accuse his murder?

Follow the trail of a famous masterpiece, that may have been replaced by a forgery!

Crack the case of a high speed homicide, where one man's train trip to Pakistan takes a deadly swerve off the rails.

For each case you will follow the clues, piece together the evidence, and then identify who did it, how, and why.

This is a completely standalone game, and does not require any other Sherlock Files games to play.
