

REST IN PIECES CORE GAME

Fill the shoes of a fed-up deadbeat roommate that happens to share a cramped studio apartment with none other than the Grim Reaper!

What can go wrong, does go wrong in this **dark comedy RPG** inspired by the misadventures, cartoon logic, and over-the-top characters of slacker sitcoms like *The Grim Adventures of Billy & Mandy*, *the Regular Show*, and *Rick & Morty*. Plays with a Two-Color Jenga-ish Block Tower and a unique deck of 108 cards that teach the rules, describe characters, and create overarching problems. With 14 unique problem scenarios to rile up your roommates, you'll be ready to play in minutes!

As problems pile up, players pull blocks to avoid obstacles while gaining influence among their roommates. Dark blocks for selfish acts and light blocks for selfless intentions. They spend that influence to get ahead and control the narrative. When the tower falls, the "episode" ends with a ridiculous failure for one of our unfortunate deadbeats.

3-6 Players (With GM), 1 Hour, Mature Themes for Immature Play *Contains suggestive themes, crude humor, and strong language.

Imagine the experience of **Cards Against Humanity** but an RPG...

REVIEWS

If Fiasco and Dread had a love child, it would be Rest in Pieces!

- **GM Fox**, *Devil's Luck Gaming*

"Beyond its clever comedic concept, RiP represents a mechanical step forward in the golden age of gaming."

- **Ben Riggs**, *ENnie Nominated Author & Podcaster*

"The character creation in Rest in Pieces is deceptively simple! You can create a very unique person just by drawing a handful of cards and be ready in minutes, or pour through the multitude of options. It's remarkable what a dead-end job, a deadly weapon and an odd hobby can say about a person!"

- **Ryan Boelter**, *Host of the Character Creation Cast*
