Unlock even more of the Ninth World and expand your campaign

Most people of the Ninth World live isolated lives. Surrounded by the wild and mysterious unknown, few people in the Steadfast—and even fewer in the Beyond—venture, in their entire lives, more than a few miles from the place of their birth. And they're happy that way.

But not you. Your dreams extend beyond the horizon. Tales of great wonders and even greater dangers are not cautionary to you—they're lures, drawing you ever outward to discovery and adventure. The secrets of the prior worlds beckon. But the vast distances, and the dangers they hold, are a daunting barrier. Until now!

Break the Horizon adds mobility to your Numenera campaign. With it you can traverse the vast distances of the Ninth World, finding adventure, encounters, and treasures along the way.

- ◆ Numenera's Ninth World setting is vast and detailed. This book unlocks more of it and really helps campaigns grow!
- ◆ Loads of new mounts, vehicles, and artifacts and cyphers. Players will drool over all the new options.
- ◆ For GMs, there are new intrusion ideas, NPCs, and encounters and hazards to throw into the game. Plus two complete adventures!
