

NEON GODS

It's the future year of 2009, and blurpin' ain't how it used to blurp.

Neon Gods is a story of street gangs set in a kaleidoscopic near future of heightened reality. Start your own (legitimate) businesses and watch them flourish.

Recruit the finest disillusioned nêr-do-wells to hold your territory, and purchase black market resources that'll give you the edge. Be prepared to fight for what's yours, because your opponents will muscle in on your territory. And don't forget the cops, who clearly don't have anything better to do than harass innocent business owners such as yourself.

- Inspired by dystopian future movies of the 80's
- Recruit a colorful cast of gangster into your deck
- Build up your illegal empire and edge out your rivals
- Go to war in the neon lit city streets and become a legend
