PREPARE TO UNLOCK THE SECRETS OF UMBRA VIA...

Just beyond the towering vines lies an ancient pathway into the unknown. Push back the thorn-riddled stocks to discover a clandestine garden, blooming with mysterious vigor. Vivid colors mark the way to intricate tiles zigging and zagging through the green. Within the flowers lies the key to greater meaning. An explanation for all things unknown...

In **Umbra Via**, players compete to control and complete the most cunning paths. Reach into your bag to select the wooden flowers, then place them on your secret board in the order of the paths you most want. But when players reveal their choices, things get delightfully tricky. Experience the magic of Umbra Via and find out why this award-winning design belongs on any table.

KEY FEATURES

- Winner of the 2019 Cardboard Edison award.
- Secretly bid on tiles to build and control pathways across the board.
- Be the first to guide the missing pieces of your soul out of the shadows.
- A game of balance and anticipation!
