OUTSKI YOUR OPPONENTS!

Skull Canyon Ski Resort is finally celebrating their grand re-opening with a huge festival, after being closed for many snowy seasons in a row. Hopefully by now skiers have forgotten the rumors of yeti sightings on the mountains...

Hit the slopes and brave the terrain, competing against other skiers for points and fame. Play sets of cards to complete a run, but remember do it with style to wow the onlookers! Take the lift to reach different parts of the mountain and claim the most difficult runs!

Once the sun sets, Après-Ski begins and tired skiers can spend their evenings at different hangouts, recouping and planning for the next busy day of skiing. Out-ski your opponents to become the new legend of Skull Canyon!
